

Business Office: 4609 East Boonville - New Harmony Road Evansville, Indiana 47725

Dear Valued Distributor,

We are announcing a significant action related to our Hydramax® Product Line and Centre, Alabama facility, and wanted to communicate this with you directly.

Effective immediately we are ceasing operations in Centre, Alabama and will be exiting the mulch business. The Centre facility was part of our North American Green acquisition in 2017 and certain challenges were known at the time regarding the mulch market. We are grateful for all the efforts put forth in Centre and around our entire organization in relation to this facility and product line.

The Centre facility does have finished good products which we are selling and requesting help. Please contact your Regional Sales Manager with any questions regarding purchases.

Thank you in advance for your support and understanding. We believe this action while difficult, is necessary and will enhance our Company's strength and focus moving forward.

Zach Snyder, President
