SILT FENCE

SPECIFICS

COMPONENTS

Talon Fabrics by Western Green provide versatility across industries in a wide range of applications. With the ability to customize silt fencing units and solutions, we can help you meet your specification needs. Keep reading to learn more about how the Talon Fabric Silt Fence line can be customized and what our product names mean to you and your next project.

What's In A Name?

Talon Fabric Silt Fences use a standardized naming system to help users understand our silt Fence assemblies, as well as how to request a customized fencing unit. Each assembly name fully describes the specifics of the unit from fabric weight, height, as well as the wood stake spacing and sizing.
